

MAINTAINING AND EVOLVING THROUGH COVID-19

DO YOUR EMPLOYEES & GUESTS FEEL SAFE FROM COVID?

When you partner with Anago, you're not just demonstrating your care and concern for your employees and customers; you're also proving your dedication to their health and safety. Your employees will feel confident knowing that it's safe to go to work, and your customers will feel protected.

- Anago Franchise owners are proud to offer a sense of security to all who enter your facility.
- With our Protection+ Disinfection™ services, we'll leave a badge of cleanliness right on your front window and reception desk, so all who enter your facility will know that you care for their health.

PROTECTION+ DISINFECTION™ SERVICES

Anago Franchise owners are determined to keep your business open and operating during this global pandemic. Our range of Protection+ Disinfection™ services will ensure your business is free of disease-causing viruses and bacteria.

Protection+ BLUE

Protection+ Blue provides extra attention to the most frequented surfaces in high-traffic areas. Anago cleaning experts will detail clean, disinfect and kill 99.9% of germs to give you a beyond-basic cleaning where it matters most:

- Restrooms
- Kitchens
- Lobby Chairs
- Elevators
- Doorknobs/Frames
- Push/Pull Areas
- Light Switches
- Copiers & Printers
- Conference Room
- Public Counters
- Drinking Fountains
- Handrails

Protection+ ORANGE

Protection+ Orange provides all the benefits of Protection+ Blue, plus a **thorough cleaning and disinfection of 99.9% of germs at individual work stations.**

- All Chairs
- Desks
- Workstations
- Phones
- Keyboards
- Computer Mice
- Cubicles
- Doors

Protection+ PLATINUM

Now for the ultimate in cleaning technology. Protection+ Platinum ditches traditional spray-and-wipe disinfection techniques, which only sanitize directly targeted surfaces. Instead, **all surfaces will receive a 360° disinfection via electrostatic technology and EPA-registered chemicals**, killing bacteria and viruses and guaranteeing that even the hardest-to-reach areas of your office are disinfected.

ARE YOU PROTECTED FROM CLOSING AGAIN?

If your business becomes exposed to COVID-19, you'll need to institute a thorough cleaning and disinfection procedure. Rest easy knowing that our certified Anago Franchise owners follow rigorous CDC protocols in addition to standard cleaning procedures:

1. NEVER enter a facility with symptoms like sore throat, fever, cough, or difficulty breathing.
2. Wash or sanitize hands either before entering the facility or immediately once inside.
3. Wear a face mask or facial covering at all times when onsite.
4. Wear disposable gloves (two layers, or have a second pair on hand in case of tears).
5. Social distance when applicable.
6. Avoid touching eyes, nose and mouth.
7. Use color-coded microfiber cloths for cleaning to prevent cross-contamination.
8. Wash or sanitize hands after removing gloves.

ANAGO FRANCHISEES HELP YOU DISINFECT. PROTECT. MAINTAIN.

Disinfect

- Our thorough 10-step disinfection process removes 99.9% of all disease-causing bacteria.
- We offer state-of-the-art electrostatic technology that provides a 360° disinfection of any surface.

Protect

- When customers and employees see the Anago Protection+ shield in your window, they'll know you're prioritizing their health and safety.

Maintain

- Our franchisees will follow a routine cleaning and disinfection schedule to keep your facility consistently safe.
- They'll be sure to prioritize disinfection of frequently touched surfaces, like door handles and telephones.
- Keep practicing safety measures like frequent hand-washing, wearing face masks, and social distancing.
